GRAND KNIGHT'S MESSAGE

There have been many things to try to keep track of and get organized. We have more than one form that needs to get submitted to the Supreme council by month's end. The program directors also will be sending in reports to update our efforts in the State Service program. I will try to keep you all updated to the best of my abilities. Please try to help out with all the activities you can over the next few months. I really need someone to Chair our state charity raffle ticket sales. We will be going to get the tickets on February 18th (It's only a month away!) As part of this newsletter, I am including some information from Tom Snider that he wished to be shared with the entire council about vocations. We will show support of the clergy by our sponsorship of a table at the upcoming Clergy Appreciation night on February 11th. I know they really enjoy this night out. I will keep this short as I hope that you will be getting another update sooner than later! Please remember to invite other Catholic Gentlemen to join the Knights!

A Message from Brother Tom Snider:

My Brother Knights:

Last evening, I read the story of a young Lithuanian boy growing up in a far away country. The boy struggled with himself while growing up and attending his country's university. Should he join the Air Force or continue with his education. Times grew to be difficult for him and with loss of his family during the war.

Reading this story inspired me to write my thoughts down on discovering if the Holy Spirit is working on me to share this moment with others. The first session of the Renew program has just finished at the Church of the Resurrection and I believe this may be worth sharing. I am asking you to read this attachment. (See the URL Link below or the page included with this newsletter.) Maybe it will inspire you in supporting and encouraging others towards a religious vocation.

My spouse is a member of the vocations committee for our parish and months before there was a weekend set aside to attract more individuals to her committee. The diocese provided these black wristbands so I wore the band for few weeks and then took it off. So the thought came to me this morning that I should wear the band again so as a reminder to seek holiness www.seekholiness.com. If you would like one of these bands just contact me and I will make them available.
